## ACTIVITY SUGGESTIONS

**Read:** Share books together! Have your child “read” to you by telling their own story based on the pictures.

**Write:** Scribble and draw. Try fingerpainting. Play with playdough - it strengthens muscles needed for writing.

**Play:** Pretend you are swimming in the ocean! What do you see? Play with blocks. What can you make?

**Sing:** Sing the alphabet and nursery rhymes. Try a call and response song. Tap or clap along to the rhythm of a favorite song.

**Talk:** Talk to your child and describe the things you see. Ask questions and encourage them to respond. Talk about opposites. Reach high to the sky and low to the ground. Take a big step and a little step.
