RE: United Against Hate Resolution

Cook County launched an initiative in 2022 called United Against Hate that is seeking to empower everyone, everywhere to learn to actively stand against hate. You can learn more here: https://www.cookcountyunitedagainsthate.com/. We are partnering with CATCH (Community Action Together for Children's Health), the Village of Northbrook Community Commission, and Cook County this fall to offer a screeding of Upstanders as part of the United Against Hate initiative.

Cook County is asking organizations to partner and pass a resolution saying we support their efforts and stand with them in their goals to empower people to actively stand against hate. As a library whose focus is on being a welcoming place for everyone in the community and whose focus is also on education and learning, this is something we already stand behind. I have included a draft resolution in the packet for the board's review.

Summer Reading

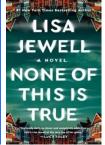

Our first month of summer reading is off to a great start with an increase of 10% in registrants over last year. During the first week, we held the Summer Reading Scavenger Hunt, which had 260 forms patrons participate.

Here are some of the Popular books logged for summer reading:

Adult Programming

- Patrons enjoyed two Adult Pride Month programs in June:
 - Margo showed the film Swan Song with a discussion and Q&A led by Loyola film professor Zbigniew Banas post screening. We received overwhelmingly positive verbal feedback from attendees for the film and discussion.
 - On June 19, we hosted "Understanding Gender and Pronouns", presented by Heather McCammond Watts. Patrons of all ages were very engaged and asked good questions.
- Adult Services Librarian Caitlyn Hannon hosted an Indian Classical Dance program on June 1st which was very well attended with many new patrons coming into the library.
- Illinois Libraries Present hosted Temple Grandin. Dr. Temple Grandin is one of the world's most accomplished adults with autism. Dr. Grandin has been at the forefront of research for neurodiversity for decades. 45 were in attendance from Northbrook Public Library.
- Northbrook Public Library partnered with the Italian Film Festival to screen Grazie Regazzi
 on June 5. The film drew many new patrons and a total audience of 78. This film was in
 Italian and about a washed up film actor who accepts a job as a teacher at a penitentiary
 institute. He convinces the stern prison director to cross the prison walls and stage the
 famous comedy by Samuel Beckett Waiting for Godot on a real theater stage.
- The library also partnered with YIVO Chicago this month to bring in the Chicago Klezmer Ensemble Concert on June 9th. The Yiddish concert brought in 181 attendees. The performer mentioned that the Northbrook Public Library patrons are very lucky to have an auditorium with such great staff.

Youth Programming

This year we have 88 teens participating in our Summer Volunteer Program. Teens have the opportunity to volunteer in the following groups:

- Art Group
- Chess Group
- Craft Group
- Garden Group
- Read to a Teen Group
- Stuffed Animal Sleepover Group

- Video Group
- YA Book Group
- Summer Reading Desk
- Program Assistants
- Department Assistants

- The Friends of the Library sponsored the Dan Gogh's Magical Adventures family program on Saturday, June 15. We had 129 patrons attend the program.
- Katie Norregaard (Miss Katie) performed two musical programs in our Story Corner in June. She delighted 180 patrons with songs, movement and bubbles! She will be back in July for two more programs.

Collections

At the last board meeting, the board asked about downloadable magazines and the costs associated with them. We have two platforms that people can check out magazines from: Flipster and Overdrive (Libby).

Flipster

Flipster charges per magazine and we have a cap on how many people can check out an issue at a time. We have a small collection of magazines in Flipster and they are all magazines that are unavailable through the larger Libby magazine collection. The costs are higher than the print subscription, just like with eBooks.

 Forbes
 People
 Time Magazine

 Print - \$29.95
 Print - \$118.26
 Print - \$76.13

 Flipster - \$179.94
 Flipster - \$696.42
 Flipster - \$456.78

Overdrive (Libby)

Our library paid \$1,212.12 for access to the Overdrive magazine collection. That fee is our part of the \$80,000 fee for the entire consortium of 100+ libraries and is calculated as a percentage of population.

We have access to 4,063 issues of about 300 magazines. That includes big name publications like the New Yorker that we have access to about 3 years of their weekly issues as well as one-off titles like one titled Caitlin Clark - The Future of Basketball.

Two staff members from Skokie Public Library came to visit on June 19 to look at and discuss our Library of Things collection. Sara Scodius and Joe Cirignani took them on a tour of the library and explained our process for handling the Library of Things collection, answering any questions they had. They were also shown related collections of interest including the tabletop games and the STEAM kits.

Partnerships

With fall fast approaching Circulation Coordinator Andi Goese has been working on stuffing envelopes in preparation for our Student Registration Library Card mailing. The process typically begins in August and goes through October. Last year we received 1,936 applications through the schools.

The library hosted library student interns from Daegu University in Korea on June 21. Thanks to Adult Services Supervisor, Phil Collins for coordinating this. The students got to visit each department and learn about how they operate. This is our 4th time hosting students from Dageu and we appreciate the opportunity to connect with students who are working to become librarians in other countries!

We're partnering with the Village to promote the switch to a new residential waste collection company. The Village's current contract with its waste hauler is

ending, and they have asked us to partner with them to help educate residents about the upcoming switch to Lakeshore Recycling Systems (LRS Waste Management). Starting September 1, LRS will provide refuse, recycling, landscape waste and organics collection for all single-family and many multi-family properties in the Village of Northbrook. These changes will not affect library waste collection, only Northbrook residential waste collection.

In the upcoming months, the Village and representatives from LRS will have a table in our lobby across from the Welcome desk at the east entrance to inform patrons about the upcoming switch to LRS and answer their questions. The new LRS waste collection bins will also be displayed in the lobby near the table.

Operations

Auditorium Rentals

Auditorium rentals went live on July 1. We are doing a soft launch of this service in order to work through any unforeseen issues. We plan to promote it in the December/January/February newsletter cycle. This month we finalized the rental contract with attorney, updated the website, signed agreements with sound and light outsource vendors. Thanks to our Events Production Manager Arielle Raybuck, Marketing and Communications Manager Linda Vering, and Anna Amen for all their work during this final

ramp up to go live. Since the events production manager is going on maternity leave, she held Auditorium Maintenance Training with another staff member who will take over Auditorium upkeep while she is gone.

Facilities

Kelly Durov worked with Anna Amen to write a Request for Proposal for Audio Visual upgrades for the Civic Room. The bid document was released to the public on July 2. We had a walkthrough scheduled for July 10, and we will open the bids on July 17.

This project received a grant from the Civic Foundation in 2023. Initially, we had quotes for under \$25,000, but due to rising equipment costs, the estimated cost of the project now exceeds \$25,000. According to Illinois statute, libraries must publicly bid projects that exceed \$25,000, necessitating this bid process. We are hopeful that we will receive viable bids and will be able to present options to the Board in August 2024.

The EDI Committee is focusing on offering staff cultural awareness learning opportunities. This is what they put together for 6/19:

Juneteenth is celebrated annually on June 19th. It was recently declared a Federal Holiday in 2021 and just this year Cook County declared the whole month of June a celebration of Juneteenth, so you may get more patron questions about the holiday or just be curious to learn more yourself if you aren't already familiar with it. Here are two short articles to learn more:

This is a brief primer on the history of Juneteenth:

PATRON STORIES

From Assistant Manager Michelle Mistalski: A family of patrons came in looking to engrave on a pocket compass. They inquired about the possibility of doing this project ahead of time and purchased Cermark tape in order to engrave it onto the metal material. The patrons were really happy with how it turned out and thanked the staff for their guidance through the design process.

A patron came in looking to etch a cutting board using a design they had made on Cricut. Since the Cricut and the laser cutter use different software, we screenshot the design from Cricut and put it into Adobe Illustrator. The patron was able to resize the design to the dimensions they had wanted and was ecstatic about how it turned out.

3D PRINTING

We printed 99 objects for users in June.

The Collaboratory is so excellent! This is my third time here and I felt so listened to and helped. What a fantastic experience - all the workers are incredibly knowledgeable.	Thank you so much for taking the time to share your Collaboratory experience with us. I know that staff will especially appreciate your kind comments. We look forward to seeing you again in the Collaboratory soon!	Cathleen Doyle
It would be very nice if you guys can design a sound proofing door around the kids entrance sections. It is insanely very loud, and very hard to focus in the library. It's not fair at all. It would also help from kids escaping and running around the library, for safety reasons too! I have a hard time finding quiet study places, I can even hear the kids and all the moms yelling in the quiet room. I try to use the study tables across from the computer section, however, majority of them don't have power access. The staff on the second and third floor are very chatty, wherever I sit in the library, I can hear folks talk. I have ADHD, I get very paranoid with loud voices. Please make completely quiet zone areas in the library.	Thank you for sharing your concerns and suggestions with us. We understand how important it is to have a quiet and comfortable space to study and focus, especially for folks with specific needs like ADHD. Currently, we do not have any major construction projects planned for the second floor, but we have noted your suggestions for a soundproof door at the Youth Services entrance and for more areas to charge devices on the second floor. We will keep these suggestions in mind for future renovations. In the meantime, I encourage you to ask our staff to help you find a quieter place to study. They are always ready to assist and can guide you to less noisy areas within the library. Staff at the Reference desk on the second floor can also provide you with earplugs if those would be helpful. We apologize for the noise caused by staff conversations. We will remind our team of the importance of maintaining a quiet environment. Staff do need to converse with other library users and each other, but we strive to maintain an unobtrusive volume. If you find yourself disrupted by noise again, please do not hesitate to inform the staff, and they will do their best to accommodate you. Thank you for your patience and understanding as we strive to continuously improve in providing a space that is welcoming to all patrons.	Kelly Durov
[In person comment at Fiction & Media Desk] Thank you so much for the display [pointing to Pride Month Display]. I really appreciate the display and that you have all of these materials.	I thanked the patron for their feedback and said that I was glad they liked it!	Susan Wolf
I am a northbrook resident and my family loves the northbrook library! My kids have been participating in the summer reading program and today brought their charts back to the library to get prizes and tickets. We are Jewish and only eat kosher and all the prizes were for not kosher establishments. I just wanted to let you know if some options that would be more inclusive to the kosher northbrook population, like Graeters ice cream, Baskin robins, slurpees at 7-11. (There are other kosher establishments not specifically within Northrook too). I just wanted to bring this to someone's attention in case it would be possible to be more inclusive in the future. Thank you for your consideration.	Thank you for your kind words and we are pleased to know that your children are participating in summer reading this year. We appreciate your suggestion and we will add your recommendations for kosher establishments to our list of vendors to contact for food prizes in the future. It is our goal to be as inclusive as possible so we value your input. We also offer alternative prizes for youth patrons that have food allergies or restrictions that prevent them from using the food coupons. If your children were not given that option, please let us know so they will have the opportunity to select from our "treasure" bin of alternative prizes. Thanks again for your feedback.	Sara Chase
I love the Collaboratory. Daniel was extremely helpful to me which allowed me to create a fathers day shirt for my husband. We used the sublimation machine. I also like the fact that you show other peoples' designs and creativity on the tv. Thank you for having the Collaboratory at the NB library.	NA	Cathleen Doyle

RE: Master Plan revisions

At the April 18, 2024 board meeting, the board reviewed the master plan and asked us to review the existing facility master plan within the next few months to better meet current and future needs and present priorities for projects, and recommendations for next steps.

In looking at the plan and thinking about needs based on how usage has changed in the past few years, we wanted to explore several possibilities and talk about whether they are feasible with the budget we have. We met with Product Architecture and Design to talk about next steps and have asked them to consider several possibilities and tell us whether they fit within the existing monies allocated for the project or not. We are awaiting a response from PA&D on this and hope to have something to share at the board meeting.

Thinking about when to do projects, we feel that we should break the projects up into three separate projects and should start with the project that will update Youth Services. I have included a copy of the Master Plan for reference.

	Budget
Project 2 & 3 (outer ring 2 nd floor)	\$2,988,648
Project 4 (inner core 2 nd floor)	\$2,989,473
Project 5 (3 rd floor)	\$1,408,636

Here is an estimated timeline for next steps:

August-October Review & Update Master Plan working with PA&D and staff

November Present board with options for updated Master Plan

Introduction

This plan is intended to establish procedures and contingencies due to the absence, disability, death, or departure of the Executive Director and to facilitate the transition to both interim and long-term leadership.

This succession plan must be approved by the Board of Library Trustees and signed by the Board President and the Executive Director upon its approval. This plan is meant to offer guidance. It is up to the Board of Trustees to determine what the best course of action is. This plan will be reviewed on an annual basis as part of the Executive Director's annual review.

The library's financial calendar of annual deadlines shall be included in this document along with other succession related information that would be necessary for the plan to be placed into immediate action.

Due to the sensitive nature of the information contained in this document, a physical copy will be printed and kept locked in the Administration office. A digital copy for editing shall be kept in the Administration drive on the library server and a copy shall also be placed on the Board Portal.

Temporary Unplanned Absence: Short-Term

A short-term, temporary leave of absence is defined as being three months or less in length in which it is expected that the Director will return to their position once the events precipitating the absence are resolved. An unplanned absence is one that arises unexpectedly, in contrast to a planned leave, such as a vacation or a sabbatical.

In the event of an unplanned absence of the Director, in the event of the unavailability of the Director, the Assistant Director will inform the Board President of the absence. As soon as it is feasible, the President should convene a meeting of the Board to affirm the procedures prescribed in this plan or to make modifications as the Board deems appropriate.

At the time that this plan was approved, the preferred order for the Acting Executive Director position will be:

- 1) Assistant Director
- 2) Finance & Operations Director
- 3) Adult Services Manager

If the Acting Executive Director is new to their position and fairly inexperienced with the library (less than one year), the Board may decide to appoint the Finance & Operations Director or, if they are not able to fulfill the duties, the Adult Services Manager to the acting executive position. The Board may also consider the option of splitting executive duties among the designated appointees and may consult with the Assistant Director and Finance & Operations Director to discuss options.

Authority and Compensation of the Acting Executive Director

The person appointed as Acting Executive Director shall have the full authority for decision-making and independent action as the regular Executive Director.

The Acting Executive Director may be offered one of the following, to be determined by the board at the time of succession:

- A temporary salary increase between the minimum and pay target of the Executive
 Director position salary grade;
- A flat amount paid as a bonus on each paycheck during the Acting Executive Director period;

Board Oversight

The Board President will be responsible for monitoring the work of the Acting Executive Director during the leave of absence period and will be sensitive to the additional work the Acting Executive Director is taking on in this temporary leadership role.

Communications Plan

Immediately upon transferring the responsibilities to the Acting Executive Director, the Board President will notify staff and Board members of the delegation of authority.

As soon as possible after the Acting Executive Director has begun covering the unplanned absence, Board members and the Acting Executive Director shall communicate the temporary leadership structure to the following key external supporters. This may include (but not be limited to):

Village Manager
Reaching Across Illinois Library System (RAILS)
Cooperative Computer Services (CCS)

Completion of Short-Term Succession Period

The decision about when the absent Executive Director returns to lead the library should be determined by the Executive Director and the Board. They will decide upon a mutually agreed upon schedule and start date. A reduced schedule for a set period of time can be allowed, by approval of the Board, with the intention of working their way back up to a full-time commitment.

Temporary, Unplanned Absence: Long-Term

A long-term absence is one that is expected to last more than three months. The procedures and conditions to be followed should be the same as for a short-term absence with one addition: The Board will give immediate consideration, in consultation with the Acting Executive Director, to either temporarily fill the management position left vacant by the Acting Executive Director or hire an Interim Executive Director. This is in recognition of the fact that, for a term of more than three months, it may not be reasonable to expect the Acting Executive Director to carry the duties of both positions, or, depending on the timing of the absence and projects underway, it may be necessary to have an interim Executive Director in the position.

Need Determination of an Interim Executive Director

The criteria that the Board and Acting Executive Director should consider when determining whether or not to hire an Interim Executive Director (or consultant to the Acting Executive Director) are as follows:

- Time of year
- Required fiscal responsibilities
- Special projects currently in progress or upcoming

Skills and experience an Interim Executive Director needs:

- Significant experience as the director of a similar type of library
- Ideally, prior experience as an Interim Executive Director
- Flexible schedule to allow for on-site presence of a Director and to attend board meetings

If the Board determines that an Interim Executive Director (or consultant to the Acting Executive Director) is needed, a representative from the Board or the Acting Executive Director should contact RAILS and ask for resources related to hiring an Interim Executive Director.

Completion of Long-Term Succession Period

The decision about when the absent Executive Director returns to lead the library would be determined by the Executive Director and the Board. They will decide upon a mutually agreed upon schedule and start date. A reduced schedule for a set period of time can be allowed, by approval of the Board, with the intention of working the way up to a full-time commitment.

The Board should pay close attention to the Employee Handbook leave policies when making determinations about the allowable absence of the Executive Director. Questions related to leaves of absence may be directed to the HR Director who will also consult with the library's attorney.

Permanent Change in Executive Director

A permanent change is one in which it is firmly determined that the Executive Director will not be returning to the position. The procedures and conditions should be the same as for a long-term temporary absence with one addition:

The Board will appoint a Search Committee within 30 days to plan and carry out a transition to a new permanent Executive Director. The board will also consider the need for outside consulting assistance depending on the circumstances of the transition and the board's capacity to plan and manage the transition and search. The Search Committee will also determine the need for an Interim Executive Director, and plan for the recruitment and selection of an Interim Executive Director and/or permanent Executive Director.
